Biden Border Crisis Exposed!

Hear the truth as only Todd Bensman can tell it!

With multiple degrees in journalism, Todd Bensman garnered attention early in his career for his coverage of FBI & law enforcement on national security issues after 9/11 in 25 countries from Latin America to the Middle East and Africa. In Texas, he authored award-winning stories on illegal immigration, Mexico's drug war and cross-border gun smuggling to cartels. In 2009, he transitioned from journalism to join the Texas Department of Public Safety's Intelligence and Counterterrorism Division, where he managed intelligence analysts to work in concert with federal homeland security and the U.S. Intelligence Community to identify and mitigate terrorism threats. Since joining the Center for Immigration Studies in 2018, he has become the Center's Texas-based Senior National Security Fellow and has recently authored OVERRUN: How Joe Biden Unleashed the Greatest Border Crisis in U.S. History.

From Velma Hagar, East Valley Chaplin...

Please come into agreement with this bold prayer for America...

Heavenly Father we pray that your swift sword will come to our nations capitol. That your swift justice will divide good from evil, and dissolve the brazen pride that supplies the fountain of godlessness that has stricken our nations leaders. Their greed and slight of hand is a stink in her peoples nostrils and we pray for relief from evil doers who commit grave sins against the people they serve. I pray that you lay to waste their ill gain and strike the harlot of blight and decay so that she may crumple to her knees, and turn from her evil ways, to adorn herself with a contrite heart suitable to govern. Put the fear of your wrath into every politician who calls evil good and good evil, and promotes the mutilation of innocents. We pray that you brake the arm of the wicked with great fire and quakes so they will know the power of thy hand and they will know that you alone are the giver of life who sets and removes kings. We cry to you to heal our land and set our leaders paths in the direction of righteousness. We give you praise and glory and long for your return to rule with justice and peace. In Jesus name, amen.

Prayer works, please attend our beautiful prayer meetings at Headquarters every other Wednesday at 9 AM.

J6 Prison Choir consists of individuals who have

been incarcerated as a result of their involvement in the January 6, 2021 protest for election integrity after President Donald J. Trump stated "I know that everyone here will soon be marching over to the Capitol building to peacefully and patriotically make your voices heard". The J6PC continues to make their voices heard through the power of music and sings "The Star Spangled Banner" every evening before bed.

God Bless These Americans!

Winston Churchill and Statesmanship

Examine the life of Winston Churchill in this free online course. You can enroll in this FREE online course today and discover how Winston Churchill defended constitutional government against the unique dangers of totalitarian government and modern warfare.

Churchill's life provides an education in the virtues required for great statesmanship. Though best known for his leadership during World War II, he also faced the birth of socialism as a political force in Britain, the rise of Nazism and fascism on the continent, and the advent of a modern technology capable of destroying mankind.

His actions in confronting these grave threats to liberty provide profound lessons to anyone who wishes to defend free government today. And now you can explore these lessons alongside Larry P. Arnn, Churchill historian and president of Hillsdale College, in our free online course, "Winston Churchill and Statesmanship."

By enrolling in this six-lesson course you will receive free access to Dr. Arnn's lectures, course readings, and quizzes to aid you in the study of the greatest statesman of the twentieth century. We invite you to join us today to discover how Churchill confronted the great challenges of modern warfare and totalitarian government in his lifelong struggle for liberty.

Did you know PragerU has kids shows?

What has happened to American schools and children's entertainment?

Radical, left-wing ideas about gender, race, and anti-Americanism are infiltrating the classroom.

Mainstream media networks like Netflix and Cartoon Network have kids shows with transgender characters. Even Disney and PBS Kids have gone woke.

Is there anywhere that's still safe for our kids?

PragerU Kids is the leading network with educational, entertaining, pro-America content for kids in every grade.

Serving children of all ages, PragerU Kids provides a free alternative to the dominant ideology in pop culture, media, and education.

Don't want your kids watching junk? Give them broccoli for the brain with PragerU Kids.

Reagan Ranch “Get Away” Weekend

By Penny Boehm

A step back in time is what Bob and I experienced during our weekend with seven other couples touring the Rancho Del Cielo - Reagan Ranch and the Reagan Ranch Center in Santa Barbara. We were fortunate to have lunch Saturday with 125 high school students who were also experiencing their 3-day conference.

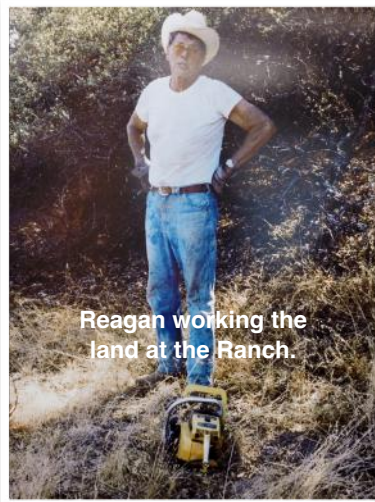

Luncheon speaker was Liz Wheeler who talked about the perils of TikTok. Students were listening intently when she stated that if many of them did not remove the app from their phones by the end of her speech, then she had not done her job!

The tour was hosted by former Governor of Wisconsin, Scott Walker, and his wife, Tonette. Governor Walker is the new President of the Young America’s Foundation (YAF), headquartered in Reston, Virginia. East Valley Republican Women Patriots have sent many young students to the teen conferences over the years; this weekend tour was for past donors to YAF.

Tack Room on Ranch

The ranch itself is small and furnished exactly as it was when President Reagan and Nancy spent time there – the tack room still holds the saddles used by the President, First Lady, and guests. The bedroom still contains clothing worn by the Reagans...as Nancy wanted. The table and area where he signed the largest tax cut in history remains outside the front door where press viewed the signing. The original table and chairs reside in the Reagan Ranch Center in downtown Santa Barbara.

Reagan working the land at the Ranch.

The ranch area is 688 acres of beautiful rolling hills, 2 lakes and many headstones of their animals who passed during his time in office. Ronald Reagan personally hand-carved the names of each animal on the many stones throughout the property. His famous red jeep remains in the tack area – the jeep he loved to drive over the many acres of the Ranch. Purchased by the Reagans in 1974, the Ranch was acquired by the Young America’s Foundation in 1998 when the President’s illness made it necessary to sell the beloved

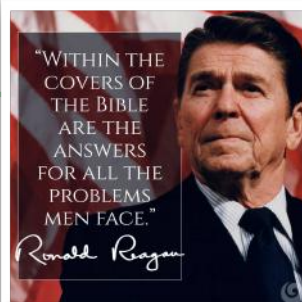

Rancho del Cielo. Refused by the Clinton administration and the California Assembly to acquire the land for preservation as a Presidential property, the Ranch was put on the open market, and that is when YAF stepped in and completed the purchase.

Of special interest during the weekend were two retired military officers who each spent 2 years with the President as his 24/7 aides – one of whom always carried the “football” with secret nuclear codes. Their personal stories about the President and First Lady were treasured by all of us. During the presidency, many active-duty military officers served 2 years each as the President’s military aides, always from different branches of the U.S. Military and only for 2 years.

North of Santa Barbara and on an 8 mile very winding and treacherous road, the Ranch is not open to the public for many reasons, safety among those reasons. Until a time when the county of Santa Barbara creates a safe roadway approach to the Ranch, it will remain unavailable to the public.

Ronald Reagan constructed the telephone poll fence.

REAGAN RANCH – CALIFORNIA’S GOLD - HUEL HOWSER

From Legislation Chairman Arlene Wohlgemuth...

YOU THOUGHT PARENTS HAD RIGHTS...SILLY GIRL. AB 665

If there was any doubt about whether parents have the authority to make decisions for their children, AB 665 will answer that question. Though the promoters of this bill cast it in terms of help for abused or suicidal children, the effect can be felt by all. Beginning at age twelve, children will be able to go to a shelter and consent to mental health treatment without a parent's knowledge or permission. A "professional" will direct the care. Combined with other laws passed in the last legislative session, that mental health care may include medical treatment and surgeries under the name of gender-affirming care, most commonly puberty blockers and surgeries to remove perfectly healthy body parts such as breasts and testicles. And, parents will not be able to go to court to get their children back.

An article published recently in **National Review** - <https://www.nationalreview.com/corner/california-bill-to-exclude-parents-from-childrens-mental-health-care/> tells the story. The similar law that has just passed in Washington state, SB 5599, will no doubt give California's super-majority Democrats even more encouragement to get the bill passed. As of this writing, AB 665 has passed the Assembly (Assemblyman Greg Wallis was registered as not voting) and is in committee in the Senate.

This bizarre form of child abuse is not only being legalized but protected in our state. Some of the horrific procedures are detailed in this **Daily Signal** article about Republicans in other states attempting to protect children - <https://www.dailysignal.com/2023/03/27/republicans-protecting-minors-from-trans-treatments/>.

In 2021, a gay men's chorus in San Francisco wrote and produced a video featuring members of the LGBT community promising to "come for your children." They attempted to call it satire, but in my opinion the lyrics are prophetic. They are coming for our children. We must be aware that they are deadly serious.

If you wish to try to protect our children, contact your legislators. **Real Impact** has made it easy to do so on their website - <https://realimpact.us/action-alerts>
