**Our Platform:**

Republicans believe in liberty, economic prosperity, preserving American values and traditions, and restoring the American dream for every citizen of this great nation. As the EVRWP, we support policies that seek to achieve those goals.

Our platform is centered on stimulating economic growth for all Americans, protecting constitutionally-guaranteed freedoms, ensuring the integrity of our elections, and maintaining our national security. We are working to preserve America's greatness for our children and grandchildren.

The Republican Party's legacy -- we were originally founded in 1854 for the purpose of ending slavery -- compels us to patriotically defend America's values. As the left attempts to destroy what makes America great, the Republican Party is standing in the breach to defend our nation and way of life. We, at the EVRWP are locally standing in the breach to defend our nation, our local community and way of life.

**RNC.ORG WHO WE ARE**

Initially united in 1854 by the promise to abolish slavery, the Republican Party has always stood for freedom, prosperity, and opportunity. Today, as those principles come under attack from the far-left, we are engaged in a national effort to fight for our proven agenda, take our message to every American, grow the party, promote election integrity, and elect Republicans up and down the ballot. The principles of the Republican Party recognize the God-given liberties while promoting opportunity for every American.

## Christmas Party Highlights From the Desk of Member Sunny Simonetti...

When Penny Boehm invited Frank and I to be a part of her couples table at the East Valley Republican Women's Christmas luncheon, I immediately said yes, because I love all my East Valley girlfriends. But upon further reflection, I had some trepidation.

I go to the East Valley luncheons to hear the famous speakers talk, and I always learn something. But I didn't know how the luncheon Christmas luncheon would pan out. Would there be many people going and would the entertainment be great and fun? Well, I need not have worried!

People all dressed in festive attire filled the 400 seat ballroom and the entertainment was wonderful! The carolers sang Christmas songs, and Michael D'Angelo one of the main singers, was great. Musical Director Stacy Mills sang with one of her best friends and they did a touching rendition of "Mary did you know?"

Our special chaplain, Velma Hagar gave her usual, vibrant prayer, representing everything all of us want to say to our Lord and Savior.

Oh, by the way, as you see pictured below, were many vendors of jewelry and handbags and lots of clothes. We didn't go to it, but it started at 9:30 and many bought fabulous things. Luckily, I left my credit cards out of my tiny gold purse so I couldn't be tempted, but they had wonderful merchandise!

All of the attendees got cards from restaurant chef Georges for 20% off for a future meal there! Big thanks to Chef Georges for their support!!

I am pictured below, with Diana Gomez in the white vest, our fantastic East Valley newsletter editor of many years.

I'm also pictured with Betty, the attractive brunette in the red scarf, who works very hard for East Valley.

The always handsome Sun City's own Don Genhart is pictured in his red jacket with a friend.

The beautiful redhead in green and black is Penny, hostess of our great table.

Ardella Stats, a very, very hard worker for the Sun City Republican club, is pictured with a friend of hers in all gray.

Free raffle tickets were given to all attendees and people won great prizes such as a \$500 gift certificate for a local spa and \$50 dinner certificates to Chef Georges.

Then there was an auction conducted by the personality-plus broadcaster Rich Gilgallon, and people bought things like two days at the Agua Caliente hotel and Botox treatments and a cool sculpting treatment. These were contributed by the vendors, and gleaned many \$\$ for the club!

All the ladies at the club were chic, but I got a couple of pictures of a couple of them who were especially stylish.

The young lady in the black sleeveless dress and red scarf is a former BYU student, went on a mission for her church, and is now headed to New York to pursue a career in musical theater. I'm sure she'll be a success! She really belted out "All I want for Christmas is you"!

I'm sure I've left out an entertainer or two and some of the prize descriptions but you get the picture. It was a terrific luncheon and a good time was had by all! Plan on joining East Valley Republican Women Patriots, and being in on all the fun in the new year! And it goes without saying that none of this would be possible without our dynamic president Joy Miedecke!

### East Valley Republican Women Patriots

### THE GOLDEN STATE POLICY COUNCIL

The Golden State Policy Council is a 501(c)3 non-profit, non-partisan research institute.

**Our mission** is to promote and defend limited government, personal responsibility, and free enterprise in California by educating and affecting policymakers and the California public policy debate with academically sound research and outreach that will provide liberty and prosperity for our citizens.

**Establishing a free-enterprise policy organization** in Sacramento is one of the goals of East Valley Republican Women Patriots. We know that to change what comes out of the legislature will require more than sending more Republicans to represent us. As vital as that is, it is also important to provide sound policy ideas to legislators, testify in committee hearings, and aggressively communicate better policy solutions to the voting public through effective messaging.

**The plan is to open an office January 2023** in Sacramento with a president, a senior policy analyst, a junior policy analyst, and a communications director. The Council will not accept government funds that would influence the outcomes of its research and instead will rely on tax-deductible donations from individuals.

**We are blessed to have received a matching grant of up to \$250,000.** Every dollar we raise will be doubled. That means we need your help to take advantage of this offer. **Would you consider making a tax deductible donation?**

**Are you able to host a small Discovery Meeting, or know someone who would,** to allow us to introduce Golden State Policy Council (GSPC) and its mission to a few friends?

**Thanks to the generosity** of one of East Valley Republican Women Patriot's member, the phone service for GSPC is being donated to help us get started.

## New California Laws for 2023

Abortion, Minimum Wage and More Laws That Go Into Effect in January

**NOWCAST KCRA News; Updated: 10:09 PM PST Dec 26, 2022**

**SACRAMENTO, Calif.** — The new year will usher in hundreds of new California laws. From protecting abortion and gender-affirming health care to legalizing jaywalking, state lawmakers and the governor approved a swath of new rules in the state that take effect in January. We take a look at those, explain the laws that go into effect later this year, and provide you an update on laws that were supposed to go into effect but may be blocked or delayed.

### Health Care

**Gender-affirming care:** SB 107 aims to make California a sanctuary state for transgender health care, shielding transgender people, including youth and their parents, from legal action from states with bans and restrictions.

**Abortion:** Several reproductive healthcare-related measures have either already taken effect or will at the start of the year in response to the United States Supreme Court's decision to overturn federal abortion protections, which restricted access to the procedure in several states.

This includes laws that protect medical records and cooperation with out-of-state entities regarding abortion restrictions (AB 2091, AB 1242), expands abortion training options and providers (SB 1375), and protections for people from criminal or civil liabilities for pregnancy loss or abortion (AB 2223).

**COVID-19:** AB 2963 requires workplaces to continue providing employees with COVID-19 exposure notifications until 2024.

AB 2098 makes it easier for the California Medical Board to punish doctors who spread COVID-19 misinformation.

### Labor

**Minimum wage increase:** SB 3 (2016) will raise California's minimum wage to \$15.50.

**Pay transparency:** SB 1162 requires employers to make salary ranges for available job positions to applicants and employees. It also sets new pay data reporting requirements based on gender and race.

**Paid family leave:** SB 951 increases the share of paid family leave provided to lower-income Californians. It extends what was a temporary increase in the benefit from 55% of wages to 60% to 70% depending on income. In 2025, the bill requires an increase of the benefit to 70%.

### Public Safety and Criminal Justice

**Rape kits:** SB 1228 prohibits law enforcement agencies from using the DNA collected from a sexual assault victim from being used in the investigation of an unrelated crime.

**Free prison phone calls:** SB 1008 provides free phone calls to people detained in California prisons and jails. Rap lyrics in court: AB 2799 limits the use of creative expression, such as rap lyrics, as evidence in criminal cases. Retail theft: AB 1700 sets up a section on the state Attorney General's office website to report stolen items.

**AB 2294** gives law enforcement the ability to keep those in custody who are accused of organized retail theft.

**Immigration status in court:** SB 836 prohibits disclosure of a person's immigration status in open court in a criminal case by any party unless approved by a judge.

**Jaywalking:** AB 2147 allows pedestrians to jaywalk (or cross the street outside of an intersection) without being ticketed, as long as the crossing is done when it's safe to do so.

### Retail

**Pink tax:** AB 1287 prohibits gender-based pricing on products based on who they're marketed toward.

**Fur:** AB 44 (2019) bans the sale and manufacturing of new fur clothing and accessories. It does not apply to used fur products, leather, cowhide, faux fur or shearing.

**Food packaging:** AB 1200 bans the sale, distribution or offering of any food packaging that contains perfluoroalkyl and polyfluoroalkyl substances, also known as PFAS.

### Laws That Take Effect Later This Year

**Mental Health:** SB 1338, also known as CARE Court, will launch new judicial branches in six California counties in October, which would provide court-ordered mental health care to severely mentally ill, unhoused people. Those counties are Glenn, Orange, Riverside, San Diego, Stanislaus, and Tuolumne. The rest of the state is expected to implement the new system by the end of 2024.

**Housing:** AB 2011 aims to boost housing production and affordability by turning unused retail spaces into homes and communities. It goes into effect on July 1.

**Guns:** AB 1594 allows the state attorney general, local prosecutors and anyone who suffered harm as a result of gun violence in California to sue firearm manufacturers.

**Sealed convictions:** SB 731 allows most old convictions on non-violent or non-sex-related offenses in criminal records to be permanently sealed. It applies to previous convictions of those who completed their sentence and did not return to the criminal justice system.

### New Laws That May Be Delayed or Blocked

**Farmworker unionization:** AB 2183 makes it easier for farmworkers in California to unionize. The implementation of this law has been delayed following an agreement signed by the governor and labor leaders.

The governor agreed to sign the bill, with conditions, after facing political pressure from high-profile people and politicians, including President Joe Biden.

One of those conditions involved striking out nearly half of the measure that farmworker groups had been pushing for, while another is based on the assumption the state Legislature — a completely separate body from his branch in state government — will approve the changes he wants.

**Fast food workers:** AB 257 would create a state council to bargain wages and working conditions on behalf of the than half-million fast food workers in the state. Opponents of the measure have said they have gathered more than enough signatures to keep the measure from going into effect, and to give voters the final say on the issue in 2024.

**Oil drilling boundaries:** SB 1137 establishes new setbacks for new oil drilling near communities across the state. Opponents have launched the referendum process to land the issue on the 2024 ballot and face a key signature-gathering deadline this week to keep it from going into effect.

**Brunson Brother Petition To Supreme Court**

(Disclaimer) This Brunson petition is in the Supreme Court and set to be heard in January. It is your decision to get involved after you have done your homework.

**Captain Seth Ketchal:**

"The Brunson brothers (there are four) make this simple. Their case has nothing to do with statistics, forensic analysis, or "my guy should have won." Their case rests on the allegation that 385 members of Congress, plus Joe Biden, Kamala Harris, and Mike Pence (in his former role as Vice President), failed to honor their oaths of office, which swear allegiance to the Constitution by vowing to defend it against all enemies, foreign and domestic."

Below I've included the petition and information from different sources.

**Thank you from EVRWP Newsletter Editor Diana Gomez...**

As I was thinking about the East Valley women who give of their time to take back this country I want each of you to know you are appreciated no matter how small the action seems. This newsletter is meant to inform you so you can pass information along to your family and friends so that we march shoulder to shoulder taking back our country. An

informed society is a free society. We need to keep our focus on what is important like the voter fraud and how high tech is trying to change our votes by designing algorithms in voting machines to change our votes. The other problem as shown in the Dinesh D’Souza movie **2000 Mules** where voter fraud mules were paid to ballot harvest in states that can make a difference in the outcome of an election as in 2020. All in all this points to getting rid of the voting machines and keeping voter fraud front and center. Especially the 2020 election. According to law and order retired military intelligence Derek Johnson says by law and order Biden did not win the 2020 election. [Listen to Derek HERE.](#)

2000 Mules Computer Guru Cathrine Engelbrecht of [True the Vote](#) is working hard to make our elections safe and honest again as well as others who see the problems of 2020 has this to say:

“As we look ahead to 2023, there is still time to help True the Vote stand strong in defense of voters’ rights. We face a formidable foe - a political machine that requires our complacency to retain its power. Over the past several years, it has become clear that there is a larger scheme afoot, one that intends to fundamentally change the United States and entrench one-party rule.

We know where the problems lie – inaccurate and bloated voter rolls, mail-in ballot abuses, Election Day dirty tricks, and pervasive lawlessness. The fraud has been institutionalized.

In 2022, True the Vote developed programs that empowered people to address the biggest election problems facing their local communities: Independent Voter Verification and Validation; ProtectAmerica.Vote; Election Integrity Tipline; Ground Fusion Center.” To learn more about True the Vote Click here - <https://www.truethevote.org/news/>

It is important that we continue to talk to friends and family to inform them about voter fraud. Learn about voter fraud and how you can be part of the solution. Keep awake and wake up your family and friends. You are important. America needs you.
