### TABLE NUMBERS

For your convenience, we will be numbering tables at Agua Caliente Luncheons. We received good feedback as people were able to text their table number to friends so they can be found! We are very happy to help in any way to make these events enjoyable in every way.

### From President Joy Miedecke...

As we end 2023 I am thankful for you! Almost 2000 members have joined us to "Make America Great Again!" We have much planned for 2024...WE will have many events to start off the year that will solidify our ability to work with Voter Integrity and also, Carl Di Maio and Bar-B-Que, Ballots & Beer!

We will need help with assisting ballot completion, people who will drive the ballots up to Moreno Valley, and of course, after the primary our candidates will need lots of help running their campaigns. If you feel like one of those jobs would be something you'd like to do, please let us know.

We have plans to bring you many great speakers in 2024 along with so many learning experiences through our TAC meetings on Tuesdays.

Last but not least, we need donations. As you all know we have been pretty much self funded by our retail store and some events. We looked everywhere for a building that would be more affordable but there just was nothing that would have the exposure we need to get more people to know that our club brings hope for California & America! The word does spread and people all over the country have heard of us and the great work we do. We are helping clubs all over the state get organized to be ready for this election.

So please, feel free to donate to us, you can donate one time, or do a donation every month. This will be an all out campaign so that we can be the ones that take our state back.

Donations are easy. You can use the donation button that appears in this newsletter next to these words. Just put your phone camera over the scan and it will come up. You can then donate.

Or click here to donate to East Valley Republican Women Patriots.

Thank you for your membership! We couldn't do it without YOU!

**From the Desk of Member Sunny Simonetti...**

I thought the word Truth was going to be my buzzword for this wonderful luncheon—because I anticipated hearing a lot of truths from our excellent main speaker, Trump attorney John Eastman.

Mr. Eastman did not disappoint. He talked at a fast pace, so it is hard to provide details on what he said, but as you can imagine he made it clear that there was voter fraud in the last election. He had us fascinated, and his speech was dynamic. That proved to be my buzzword for this great event—dynamic! He earned a standing ovation at the end.

Our other speaker was Denise Gary-Pandol. Denise, as I hope you know, is running for the seat of Dianne Fienstein. And she's been running for the past two years. She strolled back-and-forth on the stage enunciating one great idea after another. And yes she was—extremely dynamic!

Of course, at the beginning, our beloved Chaplain, Velma Hagar, who defines the word dynamic, gave a prayer, preceded by a heartfelt plea to love our Jewish brothers and sisters and pray for them.

Another dynamo— a young singer named Tom Solis. Tom got our meeting off with the wonderful energy of rock songs, and we were all tapping and swaying to the beat. Punctuated at the end by a song he composed. This young man is going places!

Of course, as promised, there was all the shopping and plentiful merchandise in the lobby before the luncheon began. I don't think you can call shopping items dynamic so let's just say they were spectacular.

I'll close by saying a very few have made mention of the cost of these lunches. Friends, you can't get nationally known and world renowned speakers, scintillating entertainment, interesting side speakers, a great meal, wonderful company, all in the beautiful Aqua Caliente ballroom for the price of a big Mac and fries. Just sayin'!

### SUPPORT THE TROOPS BY MAKING A CASH OR CHECK DONATION TODAY!

**Thank you to all of you who have donated to the USO!  
Keep those CASH AND CHECK donations coming!**

East Valley Republican Women Patriots continue to support the USO in Palm Springs by providing toiletries for the small travel packs USO gives to Marines flying into and out of Palm Springs Airport.

However, since many items donated in the past did not meet the USO criteria, we are asking that you donate money instead and we will go out and purchase what is needed.

At the November and December luncheons, we will have a large jar into which you can place cash or checks made out to EVRWP in the amount you wish to donate. Now you don't have to go out and shop. We will do it for you!

Also, if any of you have the desire to help put together the travel packs, please let Chris Mahr, Support the Troops chair, know. This will be done in February at a date to be announced. USO would love to have a team of us help with this at their headquarters at the airport

### From Velma Hagar, East Valley Chaplin...

There are Three branches of government that were established by our forefathers and the legislative branch, or Congress is one of these categories, and believe it or not it is the most important branch. Congress represents the people. They are voted in by individual states and their job is to make the laws in our country that best serve the people of the United States of America. America has not been operating properly as we have allowed the judicial system to control our government. This is completely out of order.

Today, I believe with the election of our new Speaker of the House, Mike Johnson, we will get back into the order that we are supposed to be in and this is a huge benefit for our country. This is the kind of thing that we at East Valley Republican Women Patriots work for, and we thank God for this encouragement.

# STOP DESERT SANDS UNIFIED \$675 MILLION TAX BOND!

From the Desk of Linda Davis

Desert Sands Unified is promoting a \$675 million school tax bond to be placed on the March 5, 2024 ballot. That equates to an additional \$60 per \$100,000 of assessed value of our homes. This is in addition to the school taxes we have been paying for the past several years.

2001 Desert Sands Unified Measure K passed for \$450 Million  
2014 Desert Sands Unified Measure KK passed for another \$225 Million

Additionally, California Proposition 98 passed in 1988 mandating 40% of California's annual income for K-14 schools. This currently is about \$128 Billion per year for our 941 School districts!

Furthermore, the REAL cost of this \$675 million tax burden by Desert Sands will be well over \$1 Billion. We must pay millions more in interest to wealthy investors that purchase these bonds.

In 2000, Proposition 39 passed to lower the bond passage threshold from 2/3 to 55% of the vote. Since then, nearly all California school bonds have easily passed via uninformed and naïve voters.

Do we not pay enough for failing public education? Have we not learned that throwing millions of dollars at schools does NOT improve student performance?

**Don't be fooled! Say NO to this outrageous tax scam!**

**Public schools should concentrate on teaching READING, WRITING, MATH, SCIENCE & FACTUAL AMERICAN HISTORY!**

**This can be done successfully without fleecing the taxpayer over and over!**

## Kathy Unleashed - Political Commentary...

### “THIS DON'T FEEL LIKE VICTORY TODAY, BRO”

Those were the words from Steven Bannon in the War Room after Speaker Johnson capitulated to the Left with the stop-gap Continuing Resolution (CR) to “kick the can down the road” for 75 days. You know you are in trouble when more Democrats vote with your proposal than Republicans (209-127). The final vote was 336-95 with 209 of the 336 being Democrats, 127 Republicans. As you can see 95, Republicans voted against the measure. Chuck Schumer (D-NY) Majority Leader of the Senate and Mitch McConnell (R-KY) Minority Leader of the Senate, could hardly contain their glee as Johnson fell right in line with what the Left wanted. They vowed to pass this CR quickly. Now you know it is not good for the Right when the Left is happy. I put Mitch McConnell in the camp with the Left.

In my last memo, I wrote about how happy I was that Mike Johnson had won the Speakership. I still am. I believe him to be a good, honest man (unlike McCarthy) and believe he really wants to do what is best for our country, as opposed to his own self-interests. What is upsetting to conservatives like myself, is the Right is terrified of a government shutdown. They fear the country will blame Republicans and it will hurt our election chances. **Do they not realize a government shutdown is the ONLY way we will get anything accomplished on the border?** We have to hold the Left's feet to the fire and tie the border in with any funding. It is my belief the American people are so concerned with closing the border and stopping the flow of Fentanyl, they would accept a government shutdown to accomplish it. Let us face it, the media is the one who hypes the shutdown saying how disastrous it would be for the country. This is a “psyop” pushed to influence your emotions and scare you. We have had ten government shutdowns since 1981. The longest was 23 days under Donald Trump. Most are around three to five days. Under a government shutdown, **“federal agencies must discontinue all non-essential functions.”** Some parks and recreation centers will be closed. Does anyone really care? Is not securing our border the most pressuring problem we have in the United States? Is it not worth closing our government for awhile? We only need about a third of the government employees we have now, anyway. Most appear to be useless. Have you been to a DMV lately? If any of you are, or were, government employees, this is not meant to disparage you. Having worked in the government, you might agree with my statement.

So, Speaker Johnson will get a pass on his first CR, as did Speaker McCarthy. But in 75 days hopefully he will be ready to put some bills forth that will focus on the border, or be prepared to close the government. Otherwise, we may be looking for another Speaker and it “won't feel like victory, bro.”

### RONNA MCDANIEL IS GOOD AT WINNING ELECTIONS

Yes, Ronna Romney McDaniel (Republican National Committee Chairman) (RNC) is good at winning elections, for the Democrats! She makes over \$400,000/year and has not won an election for us in the past four elections. It is hard to believe she won re-election earlier this year, beating out attorney Harmeet Dillion and entrepreneur, Mike Lindell. Either would have been a better choice.

She is continuing to waste millions of dollars on debates that fewer and fewer people are watching, as opposed to coalescing around our leading candidate and supporting him. Some might argue this is a good thing in case Donald J. Trump (DJT) loses at one or more of his trials. **The truth of the matter is this.** The RNC, business interests like BlackRock, Blackstone, Sequoia Capital, most likely China, and the Murdoch's, are all aligning around Nikki Haley to thwart DJT's run for the Presidency. If you do not believe me, look at where their contributions are going and where she is getting her most exposure. Why do you suppose Tim Scott backed out of the race last week? Both he and Nikki Haley had the same donors and supporters. Could it be he was approached by the donor class and urged to get out of the race? South Carolina (where both Scott and Haley are from) is the first state to hold their primary election. By Scott getting out of the race all his votes will go to Haley, thereby giving her a good opportunity to embarrass Trump with a defeat in that state.

The donor class has given up on DeSantis. Glenn Youngkin (R-VA) failed his test for a presidential run when Republicans took a beating in the Virginia election last week. Brian Kemp (R-GA) is not interested in taking on Trump, so Haley is all they have left. Should Trump win the nomination, he will be pressured to select Haley as his VP. **THIS WILL NEVER HAPPEN.** Trump is smarter than that. He believes she cannot be trusted. Many feel she is power-hungry, loves never-ending wars and does not support Trump. So, Nikki Haley will hang around the rim, hoping Trump fails.

I know many of you may not agree with my comments or assessments. These are only my opinions and may not reflect your opinions and the opinions of everyone on the Republican Club Board. I write them to give you another perspective and a different way of looking at things. Much of what I say you will not hear on the nightly news. I always welcome your comments and will always respond to your emails. One of the many great things about our country is we still have **FREE** speech. Let us pray we can keep it.

The grassroots are what give life to Heritage Action, the conservative movement, and to the country. When the conservative grassroots make their voices heard, elected officials can't help but take notice.
