TABLE NUMBERS

For your convenience, we will be numbering tables at Agua Caliente Luncheons. We received good feedback as people were able to text their table number to friends so they can be found! We are very happy to help in any way to make these events enjoyable in every way.

From President Joy Miedecke...

If you missed the two day presentation from Lonny Lietner, you really missed it!

Lonny came all the way from Minnesota to help us not only understand the election process, Democrat vs. Republican but explained what we can do to WIN! The main problem for Republicans is that they run a candidate instead of running a ballot! When you deal with a county of slim margin in your favor, you must be a **BALLOT HARVESTER!**

What does a **BALLOT HARVESTER** do? As an individual Ballot Harvester you need to pull out your Christmas Card List and contact all those people and talk to them about their ballot! Some may have given up...that is not acceptable! When a person gives up, we all know the other side wins. Offer to your friends and family that you will be calling them once the ballots have been received urging them to vote. If they are in your area you can offer to help them choose the right candidate. We will have a list of our candidates and we will have judges already vetted for you.

Then it will be your duty to talk to your neighbors and friends and offer to take their ballot to **YOUR CLUB** so it will safely get to the county for counting.

We are making plans to be **WINNERS** in 2024! I am so hoping that you will join with me as we **TAKE CALIFORNIA BACK!**

(Lonny Leitner is an employee of American Majority which is a non-profit)

More to come! See page 6 for notes on Lonnie Leitner's lecture.

Please renew your membership...we can't be here for you if you are not here for us.

**From Velma Hagar
East Valley Chaplin...**

Our American freedom is precious and good people need to get involved in politics to preserve our American traditions and moral values. The Bible and our Christian faith is still relevant in America. American history needs to be preserved and taught to our youth. Bad history is being taught and the progress that America has made throughout history has been omitted. Today, many Christians think they should not get involved in politics, and this is so absolutely untrue! We are told to "occupy until he comes." So it is a mandate from God to be a caretaker of the land that he has put us in charge of. Voting is one of the biggest responsibilities that we have as a Christian, and in order to vote effectively, we need to study the platforms, and then be sure and vote for Christian values.

Letters To Trump
President Donald J. Trump's
Second Official Book
Since Leaving the White House

A colorful photo book captures the incredible, and oftentimes private correspondence, between President Donald J. Trump and some of the biggest names in history throughout the past 40 years!

From President Richard Nixon, to Princess Diana, and from Hillary Clinton, to Chairman Kim Jong Un, no book offers a glimpse into history quite like LETTERS TO TRUMP! Every letter has been handpicked by President Donald J. Trump, and is accompanied by his original commentary! Before President Donald J. Trump created the most significant political movement in American history, he had already achieved tremendous success as one of America's most prominent real estate moguls and acclaimed media personalities.

In his latest book, published by Winning Team Publishing, Letters to Trump, reveals part of the incredible private collection of correspondence between President Donald J. Trump and the countless world leaders, celebrities, athletes, and business leaders who shaped the United States and the world!

Legislation and Take Action Committee (TAC) Chairman Arlene Wohlgemuth

The Take Action Committee is interested in local issues, as well as state and federal legislation with education being high on the list. In May, parents of three students attending Xavier Prep School told of their concerns over woke curriculum and described their efforts to protect their children by appealing to the teacher, the principal, and finally to the diocese. At issue were two of the books on the mandatory reading list for their 15-yr old students. The parents handed out excerpts of the books in addition to reading aloud a passage detailing the physical exchange between lesbian college lovers. TAC members were asked to write letters to the diocese asking for action against this type of curriculum at the Roman Catholic affiliated school. The parents also asked for protection for the children at Sacred Heart elementary school.

The California legislature evidently considers this most important issue this session to be gender-affirming care. A search of that term on the Legislative Information website returns 776 bills having been filed on that topic. One example is SB 407 - by Senator Scott Wiener (D-San Francisco), would ensure that unless all potential foster parents are willing to “affirm” LGBTQ gender and sexuality in foster youth, and any gender transitioning, they will be prohibited by the state from being foster parents. (California Globe) Another bill, AB 665, requires doctors to ask minors 12 and up if they want to notify their parents of their mental health counseling and gives minors 12 and up the ability to consent to and be placed in a residential shelter or group home. (Real Impact AB665) It is highly doubtful that California citizens consider this topic to be the most important issue concerning the state. It is shameful for the radical Left to be forcing its agenda of stripping parents of their rights and of advancing such damage on children.

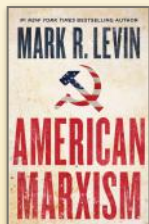

It's time for a change, and our club is actively gearing up to bring about that change in 2024. Join in the fight to protect our families, especially the children.

To our loyal subscribers:

We will be repurposing our California Sense and Nonsense website to which you have subscribed. Beginning very soon, the domain name will be changed

to www.coalitionofconservativewomen.com as the new organization - Coalition of Conservative Women - is launched. This new statewide organization will advance the principles of limited government, individual liberties, free enterprise, and traditional values through member local clubs dedicated to electing conservative members to the California legislature and providing grassroots messaging and support. You will be able to subscribe to the website and keep up with the member organizations in your area. If there is not one, please consider starting a new club with the same principle-based mission. It's time for all of us who care about the future of our state to get involved. We believe COCW can provide the support needed for new and existing clubs to grow and maximize their effectiveness.

EAST VALLEY IS BUILDING A POLITICAL MACHINE THAT WINS ELECTIONS

Equip. Empower. Engage.

Quit Being So Polite!

Toughen Up and Fight Fire with Fire!

Empowering you is the key! We save America or it doesn't save itself.

"American politics has entered a new age. All that has gone before--polls, historical trends, message, issues, candidate quality, traditional get-out-the-vote efforts, candidate debates, voter persuasion--means almost nothing and is extremely insignificant.

The thing--the only thing--that truly matters now is a "ballots out, ballots in" machine."

Ned Ryun

Founder & CEO of American Majority

American Majority in partnership with the David Horowitz Freedom Center developed Go4theHeart, a training that equips conservatives with the means to blunt the Left's baseless attacks and take the battle to their camp. Conservatives can no longer afford to be called racists, sexists and uncaring about the poor while they call their opponents liberal in return. Conservatives need to use the proper language when calling out Leftists. Whether you are an elected official, candidate running for office or a proud patriotic American who wants to save America you need to be equipped to do by attending a Go4thoHeart training.

East Valley Republican Women Patriots attended the Go For the Heart training with Lonny Leitner of American Majority Action. The briefing on why conservatives need to build a political machine that chases ballots from conception all the way to the ballot box before Election Day.

THESE ARE NEWSLETTER EDITOR'S NOTES FROM THE SPEAKER. THOSE WHO WERE AT THE MEETING WILL RECEIVE LONNY LEITNER'S POWER POINT PRESENTATION SO STAY TUNED FOR MORE INFORMATION FOR THAT ACTIVIST IN YOU.

- 1) Make it easy to vote
- 2) Speak to the heart of the voter - the emotions
- 3) Get in the Democrats face
- 4) Neutralize the Leftist
- 5) Envy, distrust and fear move people's emotions
- 6) President Trump is a fighter, a different kind of Republican because he fights back. Failing campaign is that the Republican don't fight back with emotions and fear.
- 7) "Caring" is the central issue to any campaign but Dems are all about politics victimizing people and then blaming the Republicans
- 8) Progressive Democrats have a sense of urgency in what they do to encourage hating opponents.

Winning Strategy

Don't Let the Democrat Leftist Define Us!

- 1) Put Democrat Leftist on Defense
 - 2) Look for Victims in the their policies - Put Democrat Leftist victims up front
 - 3) Start the campaign now because the Democrat Left has.
 - 4) Weapons of the Democrat Leftist is Hope and FEAR. Hope appeals to the heart and fear exploits this.
 - 5) Stand up and show victims they are being played
 - 6) Show people the Democrat Leftist are the real threat to this country
 - 7) Liberty is a value
 - 8) We must win elections to change the voting laws and all other laws
 - 9) Fear evokes sympathy and we get the message out using the same tactics of fear
- More information to come...

THE HISTORY OF FLAG DAY

When the American Revolution broke out in 1775, the colonists weren't fighting united under a single flag. Instead, most regiments participating in the war for independence against the British fought under their own flags. In June of 1775, the Second Continental Congress met in Philadelphia to create the Continental Army—a unified colonial fighting force—with the hopes of a more organized battle against its colonial oppressors. This led to the creation of what was, essentially, the first "American" flag, the Continental Colors.

For some, this flag, which was comprised of 13 red and white alternating stripes and a Union Jack in the corner, was too similar to that of the British. George Washington soon realized that flying a flag that was even remotely close to the British flag was not a great confidence-builder for the revolutionary effort, so he turned his efforts towards creating a new symbol of freedom for the soon-to-be fledgling nation.

On June 14, 1777, the Second Continental Congress took a break from writing the Articles of Confederation and passed a resolution stating that "the flag of the United States be 13 stripes, alternate red and white," and that "the union be 13 stars, white in a blue field, representing a new constellation."

Over 100 years later, in 1916, President Woodrow Wilson marked the anniversary of that decree by officially establishing June 14 as Flag Day. <https://www.history.com/news/what-is-flag-day>

HERITAGE ACTION FOR AMERICA

The grassroots are what give life to Heritage Action, the conservative movement, and to the country. When the conservative grassroots make their voices heard, elected officials can't help but take notice.
