From the Desk of President Joy Miedecke...

Hope to see you Monday for our yearly fashion show! Remember that this is one of two fundraisers we do every year to help keep the club going. Without your donations or these two events, one being Christmas, it is hard for us to sustain our monthly bills. We were blessed for years, but now we are paying rent. Just think about it most of you enjoy so many things that we have to offer on \$50 a year. It does not pay our bills unfortunately. Hope you will dig deep and while having a wonderful time at the fashion show will purchase from the vendors, by our 50-50 tickets, and, of course, buy tickets for our wonderful baskets. Think of these fabulous girls who work for weeks to make this all happen. This year we have a salute to our volunteers. Most of them get by with a simple thank you but this year we are making it a special moment for all of them to let them know how much we appreciate everything they do. At this point there are more than 55 volunteers in our club. Can you imagine the busywork that goes on in Headquarters day after day?. you are always free to join the Take Action committee on Tuesdays, our Prayer meetings every other Wednesday, the Rich & Joy show every Wednesday at 10:30, our movies on Friday and then any other events we have, mostly for free. Nonprofits survive on donations. Because we are 527 nonprofit, we don't get donations very often. We are going to have to step that up and work even harder to let people know how important it is going to be for us to be there for the 24 election. We cannot do it without you. Our members are what make us survive. I want you to know that we appreciate everything you do, shopping in the patriot store is a must! Please try to remember to purchase gifts at our store and we do a really cute little wrap that you don't have to pay for. See you on Monday, many blessings to all of our wonderful members. Let's make sure 2023 is a year to remember!

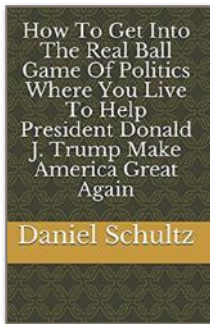

From Velma Hagar, East Valley Chaplin...

Every American has a mandate and obligation to vote. Your vote does count! We live in a country where we get to choose our leaders. When Christians choose not to vote, they are literally disobeying Gods order to "occupy till I come." Gods people can change the world by just voting for Godly leadership. Get involved. A true republic, unlike a Democracy cares about the future of our country and not just the current political emotions. Our care of our government is a legacy that we are leaving our children... I pray that legacy gives them something to be proud of. Do your part.

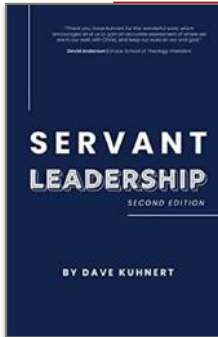

Attend our prayer meeting every other Wednesday at 9 A.M. at headquarters. Prayer works! And we gather to pray for our city, county, state and country. Hope to see you at the next prayer meeting.

East Valley Republican Women Patriots Book Recommendations

How To Get Into The Real Ball Game Of Politics Where You Live To Help President Donald J. Trump Make America Great Again Daniel Schultz

This book is for conservatives who are tired of being lied to by fake Republicans who run as "Campaign Conservatives" (in the words of Texas Senator Ted Cruz) and who want to do something to "change" these fake Republicans by taking them out of their current office in the upcoming 2018 primary elections and beyond. The only conservatives that matter are those we conservatives succeed in electing to office, and this book will teach you how to get into the fray to make that happen. It happens, simply put, when the best conservative in the all-important, traditionally-very-low-turnout primary elections, gets more votes than the other Republican primary election candidates.

Leadership Servant by David Kuhnert

This book will help you define the purpose of your life, assess the reality you find yourself in, and equip you to live every day with intention, purpose, and influence. David Kuhnert outlines the framework for life and how to use the seven Servant Leadership tools to effectively live within that frame. A transformed life is available for you and your organizations. You can live well. You can lead well. Through love and service.

Blue cover book is the newest update in 2022.

J6 Prison Choir consists of individuals who have been incarcerated as a result of their involvement in the January 6, 2021 protest for election integrity after President Donald J. Trump stated "I know that everyone here will soon be marching over to the Capitol building to peacefully and patriotically make your voices heard". The J6PC continues to make their voices heard through the power of music and sings "The Star Spangled Banner" every evening before bed.

From the East Valley Editor Diana Gomez...

Elections Season is upon us. Time to educate yourself and not get lost in the story. Brad Parscale, Trump Campaign Manager

warned us that one of our problems Conservatives have is getting lost in the story. I call it getting taken into the emotional hit piece narrative of the lame stream media Leftist. We're seeing all kinds of stories out there including a story by the NY Post with President Trump holding a bat in the photo. This is where your nose for news and seeking the truth comes in. The photo with Trump wielding a bat was taken back when Trump and Pence were in the White House. Pence is in the photo. Finding the photo was not hard if you ask the computer to find the photo for you. A truthful story will always include the who, what, where, when, how and why in the story and photo. Photos now days can be manipulated to look real but are not. Don't just use one source for your news. Get to know different news sources that you feel like you can trust.

I don't like these lying stories any more than the next person and its up to us to know the truth and explain it to our friends and friends we have not met yet. Educate yourself and then talk

to all people with an attitude of educating them. Get to know sources like your local officials, business people and others who may be a good source of information including East Valley Republican Women Patriots.

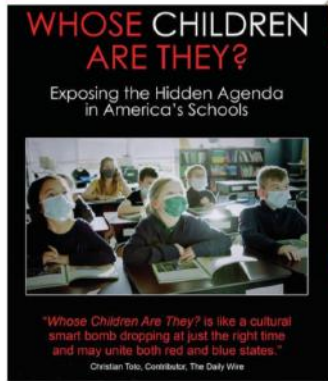

If you are afraid to speak up, a good book or source is called Citizen Ninja: Stand Up to Power by Mary Baker. This book is a good starting point to give yourself the confidence you need to speak up and often.

Mary Baker says, "With practice, Citizen Ninja readers will master skills that enable them to respond intelligently rather than to reacting to stimulation or provocation. These skills include how to seek opportunities for engagement, assess a setting, ask a question, discern a person's knowledge on an issue, neutralize a bully, and more!"

This books is an easy read and a must read to get you started in speaking up for your rights along with understanding your rights by taking a Biblical Citizenship Class with Rick Greene and David Barton that explains your Constitutional rights. If you do not know your rights, you cannot stand up to a bully.

SHERIFF TRUMP IS BACK IN TOWN Ben Garrison Political Cartoons

President Trump has returned and he's determined to take out all the anti-American varmints, RINOs, Uni-Party city slickers, and green-new-deal-horns in the Republican Party. At CPAC 2023, Sheriff Trump gave a barn burner of a speech on Saturday night. The townsfolk at CPAC were riled up in a good way and cheered their MAGA Sheriff with thunderous applause. The Sheriff is back. Trump won the CPAC straw poll for President by 62%. Deputy DeSantis limped in at second place with only 20% —and the other varmints didn't even place.

With a steely glint in his eye, Sheriff Trump vowed to round up the corrupt RINO rustlers and election thieves. These vile criminals will face a long sentence or worse as the sheriff brings back law and order across the nation. If you listen hard enough, you can hear the hammering of justice. That's the construction of gallows across the country. Hang 'em high!

STAY UP TO DATE WITH NEW CARTOONS! SIGN UP FOR OUR GRRR-NEWS! IT'S EASY AND FREE!

It will be a rip-roaring good time as Sheriff Trump rounds up the lawless RINOs and jackasses in the criminal government and marches them off to face justice—real justice, not a two-tier justice system.

As high noon 2024 approaches, Sheriff Trump is ready for his showdown with the evil and addled election-stealing crook, Yellow Stain Joe Biden. Old Joe may be mentally and physically dried up as a withered tumbleweed, but he knows when the clock strikes high noon—and he knows it means his days as an election-stealing crook are over. Sheriff Trump will run the Marxist Obama gang out of DC and put them straight into GITMO where they belong.

We are fundraising for 2023, You can keep GrrrGraphics online with a purchase! Click To Shop

America will be safe again once the Obama gang is rounded up and justice is served. The woke jokes will be run out of town and Lady G's Drag Queen Cabaret will be closed forever. Little girls can be little girls again and little boys can go back to being little boys. American streets will be safe for decent folk once again as law and order under Sheriff Trump returns. Rope neckties will be back in style for drug dealers and pedophiles.

America will be strong again. America will be prosperous again.

AMERICA WILL BE GREAT AGAIN!

FORGING THE CALIFORNIA FUTURE (MUST READ) **East Valley Republican Women Patriots** **THE GOLDEN STATE POLICY COUNCIL (GSPC)**

The Golden State Policy Council is a 501(c)3 non-profit, non-partisan research institute.

Our mission is to promote and defend limited government, personal responsibility, and free enterprise in California by educating and affecting policymakers and the California public policy debate with academically sound research and outreach that will provide liberty and prosperity for our citizens.

Establishing a free-enterprise policy organization in Sacramento is one of the goals of East Valley Republican Women Patriots. We know that to change what comes out of the legislature will require more than sending more Republicans to represent us. As vital as that is, it is also important to provide sound policy ideas to legislators, testify in committee hearings, and aggressively communicate better policy solutions to the voting public through effective messaging.

Golden State Policy Council is proud to have as president our former state senator, Melissa Melendez. The new office is three blocks from the State Capitol, giving the policy analysts easy access to present their research to legislators and legislative staff as well as testify in committee hearings. As research is developed, you will be able to find it and other information at www.GoldenStatePolicy.com. **Sign up to receive updates.**

We are blessed to have received a matching grant of up to \$250,000. Every dollar we raise will be doubled. That means we need your help to take advantage of this offer. Would you consider making a tax deductible donation?

Are you able to host a small Discovery Meeting, or know someone who would, to allow us to introduce Golden State Policy Council (GSPC) and its mission to a few friends?

Thanks to the generosity of one of East Valley Republican Women Patriot's member, the phone service for GSPC is being donated to help us get started.

If you can help, call our new phone number - (916) 980-8585.

From Legislation Chairman Arlene Wohlgemuth...

Bradley Parscale, communications guru for President Trump's 2016 campaign, was our speaker at the March luncheon. Among the many interesting points he made was the importance of properly framing an issue. The messaging on these ten conservative issues polled 80% or greater. Knowing how to say what we all believe will help us as we gain the support of voters in the Coachella Valley, and it is very encouraging to know that 80% of the people we talk with already agree with us.

- * Equality of opportunity is a fundamental American principle; equality of outcome is not.
- * America is not perfect, but being patriotic and proud of the country is good.
- * Discrimination and racism are wrong but are not the cause of all disparities in American society.
- * No one is complete without bias, but calling all white people racists who benefit from white privilege and American society a white supremacist society is not correct or fair.
- * America benefits from the presence of immigrants, and no immigrant, even if illegal, should be mistreated. But border security is still essential, as is an enforceable system that reasonably decides who can enter the country.
- * Police misconduct and brutality against people of any race are wrong, and we must reform police conduct and recruitment. More and better policing is necessary for public safety, and that cannot be provided by "defunding the police."
- * There are underlying differences between men and women, but discrimination based on gender is wrong.
- * There are two genders, but people who want to live as a gender different from their biological sex should have that right and not be discriminated against. However, this a decision for adults not children; children need to be protected.
- * Racial achievement gaps are wrong, and we should seek to close them. However, these gaps are not from racism alone, and high achievement standards should be maintained for people of all races.
- * Language policing has gone too far; by and large, people should be able to express their views without fear of sanction by employers, schools, institutions, or the government. Again, good faith should be assumed, not bad faith.

Congratulations to New Green Card Holder Alondra!

Update on Alondra Urquiza and Daughter Valeria

Penny Boehm

Many East Valley members remember Alondra Urquiza, a junior at Desert Mirage High School in 2015. She was one of 8 youth our club sent to the Teen Conference at the Reagan Ranch in Santa Barbara. We chose her from the 8 to be our F.R.E.E. (Future Republicans Embracing Education) student for whom we would raise college funds during her high school senior year.

Alondra and her mother arrived in the U.S. from Mexico when Alondra was a small girl. Her ability to navigate through extremely difficult situations has made her a strong and determined young woman. She was a top student her senior year, but life happens, and she gave birth to a daughter, Valeria, and left school. She did, however, obtain her degree in 2016.

Things have been difficult for her and her daughter with many months of trying to obtain her "residency" in the U.S. which were met with bureaucratic bumbblings, and an incompetent lawyer among other things. While visiting the Reagan Ranch two weeks ago, I received a phone call from Alondra to tell me that she finally received her Green Card and her residency! And to top that, she is enrolled at College of the Desert pursuing a criminal justice degree. Valeria is in school and as you can see in the photo, is a happy and wonderful child. Alondra is a super Mom and a great role model for her daughter. After 5 years as a "resident" and at the age of 30 she will apply for citizenship.

Always employed and looking for something more rewarding, Alondra will begin a new job in April at the new Keedy's Fountain & Grill which recently opened in the Ralph's shopping center on Jefferson in Indio. Stop in and have a meal. Alondra will be delighted to see you.

EVGRP MARCH LUNCHEON HIGHLIGHTS FROM MEMBER SUNNY SIMONETTI....

When the East Valley Republican Women Patriots has a monthly luncheon at Agua Caliente it is an extravaganza, and this March event was no exception!

It's that time of year to renew memberships. Hubby Frank and I are re-joining and we suggest you plan on doing the same or joining for the first time—if that's the case for you—don't miss out on all the fun and scintillating information!

Below is entertainer Audrey in sparkling St. Patrick's Day green and fairly new member Maureen ready to enjoy the day.

This cute blonde lady really got in the spirit with her Trump cape!

I met and talked to our main speaker. Brad Parscale, a down to earth sincere guy. I asked him if Trump was more low-key when you worked with him day by day. He replied, "Well-I-I-I..... some days I love him and some days I don't." I guess that's to be expected with a vibrant over the top personality like Donald J Trump!. Parscale talked about the methodology and devices to better win elections. He presented numerous slides, and I have a separate email of them if you're interested.

Our singer, Kevin Francis, is both a talented vocalist and pastor of a church. His final number was one with a real beat, and he got all of us up dancing and clapping!

My Frank is pictured with East Valley's lovely chaplain, Velma Hager. Frank has become a big fan of this exceptional woman!!

As usual, the food was great, and there were many wonderful pieces of merchandise on display.

Just another time when the efforts of President Joy Miedecke, and her beautiful daughter Heidi work together with other talented volunteers, and produce an amazing event that all of us can enjoy!

As we were leaving, the stunning lady who is one of the owners of the popular restaurant, Chef George remembered me and greeted me. You always run into interesting people at these luncheons!

You can join by calling headquarters on the phone with a credit card or going into headquarters with a check or mailing same.
