**From Velma Hagar,  
 East Valley Chaplin...**

Well, we finally have a speaker of the house even though it took 15 rounds... I know that a lot of conservatives think that it was wrong to go 15 rounds before finally placing Kevin McCarthy as head of the house, but I would have you stop and think about what was accomplished in those 15 rounds. Kevin McCarthy stands a little left of center on his political views and he had some ideas that needed to be fine tuned. After each vote, he made concessions to certain issues that are important to heading up this important position... it does appear that the left is very united, but I would assert to you that they don't stop and think... They all just vote together, while the right weighs out the issues, and while it may appear that they are divided...in truth, they are thinking for themselves... And I think, as American citizens, we should all be grateful for those politicians, who think independently and are willing to take a stand on what they believe is right. So with that said, praise God that we have a house leader who has been fairly, tested and found to be capable. God bless America.

## In 1944, The CIA Wrote a Handbook On How To Sabotage (enemy) Organizations From The Inside

**Have you noticed this with our Congress? Here's a few interesting tips which will look familiar to you if you have watched our government at work and the final resolution.**

- (1) Insist on doing everything through “channels.” Never permit short-cuts to be taken in order to expedite decisions.
- (2) Make “speeches.” Talk as frequently as possible and at great length.
- (3) When possible, refer all matters to committees, for “further study and consideration.” Attempt to make the committees as large as possible—never less than five.
- (4) Bring up irrelevant issues as frequently as possible.
- (5) Haggle over precise wordings of communications, minutes, resolutions.
- (6) Refer back to matters decided upon at the last meeting and attempt to re-open the question of the advisability of that decision.
- (7) Demand written orders.
- (8) “Misunderstand” orders. Ask endless questions or engage in long correspondence about such orders. Quibble over them when you can.
- (9) Do everything possible to delay the delivery of orders. Even though parts of an order may be ready beforehand, don't deliver it until it is completely ready.
- (10) In making work assignments, always sign out the unimportant jobs first.
- (11) Insist on perfect work in relatively unimportant products; send back for refinishing those which have the least flaw. Approve other defective parts whose flaws are not visible to the naked eye.
- (12) When training new workers, give incomplete or misleading instructions.
- (13) To lower morale and with it, production, be pleasant to inefficient workers; give them undeserved promotions. Discriminate against efficient workers; complain unjustly about their work.
- (14) Hold conferences when there is more critical work to be done.
- (15) Multiply paper work in plausible ways.
- (16) Start duplicate files.
- (17) Multiply the procedures and clearances involved in issuing instructions, pay checks, and so on. See that three people have to approve everything where one would do.
- (18) Apply all regulations to the last letter.
- (19) Do your work poorly and blame it on bad tools, machinery, or equipment. Complain that these things are preventing you from doing your job right.
- (20) Never pass on your skill and experience to a new or less skillful worker.
- (21) Snarl up administration in every possible way. Fill out forms illegibly so that they will have to be done over; make mistakes or omit requested information in forms.
- (22) Give lengthy and incomprehensible explanations when questioned.
- (23) Act stupid.
- (24) Be as irritable and quarrelsome as possible without getting yourself into trouble.
- (25) Misunderstand all sorts of regulations concerning such matters as rationing, transportation, traffic regulations.

**Resolution: Do the exact opposite.**

**Heritage Foundation Backs California Conservative Think Tank**

“The Heritage Foundation applauded the California-based organization Golden State Policy Council (GSPC), a conservative think tank aimed at putting academic research to legislative use, at a kickoff event Jan. 9 at Desert Willow Golf Resort in Palm Desert. The event marked the official launch of the Golden State Policy Council, an organization that originated out of Riverside County in Coachella Valley to advocate policy changes that represent the interests of Californians. The council says it will work to find practical solutions that will improve the lives of Californians, regardless of political affiliation, all over the state.”

THE GOLDEN STATE POLICY COUNCIL (GSPC)**

The Golden State Policy Council is a 501(c)3 non-profit, non-partisan research institute.

**Our mission** is to promote and defend limited government, personal responsibility, and free enterprise in California by educating and affecting policymakers and the California public policy debate with academically sound research and outreach that will provide liberty and prosperity for our citizens.

**Establishing a free-enterprise policy organization** in Sacramento is one of the goals of East Valley Republican Women Patriots. We know that to change what comes out of the legislature will require more than sending more Republicans to represent us. As vital as that is, it is also important to provide sound policy ideas to legislators, testify in committee hearings, and aggressively communicate better policy solutions to the voting public through effective messaging.

**Golden State Policy Council is proud** to have as president our former state senator, Melissa Melendez. The new office is three blocks from the State Capitol, giving the policy analysts easy access to present their research to legislators and legislative staff as well as testify in committee hearings. As research is developed, you will be able to find it and other information at [www.GoldenStatePolicy.com](http://www.GoldenStatePolicy.com). **Sign up to receive updates.**

# GOLDEN STATE POLICY COUNCIL (GSPC) TALKING POINTS

Arlene Wohlgemuth - Vice President Legislation  
Forging the California Future

Golden State Policy Council is a big part of our plan to redeem California - a policy think tank now officed in Sacramento. But, it's not just a think tank, but a DO tank.

The motto of Forging the California Future was adopted by their board comprised in part by members of our club - Arlene Wohlgemuth, Penny Boehm, Sandra Schulz, Richard Lawson - and President Senator Melissa Melendez

They are determined that we will no longer simply moan and groan about the damage that Democrats are doing to our state with their super-majority in Sacramento but will go on the offensive.

Golden State Policy Council will provide the underpinnings for good policy that moves our state forward to a better future.

GSPC will not only do academic quality research, but they will take that to the legislature, will testify in committee on their issues, and more importantly will engage in aggressive and effective communication to the citizens who can then impose their will on legislators.

GSPC is the long-term policy and education strategy to complement the grassroots strategy that East Valley Republican Women Patriots is developing.

The bonus is that GSPC is a 501(c)(3) which means your donations are tax deductible. Even better, your donations will be matched dollar for dollar by a generous supporter.

If you can help, call our new phone number - (916) 980-8585.

Mail Checks to P.O. Box 3855, Palm Desert, CA 92261 or at the luncheon...

**National Monument to the Forefathers**

In the Course East Valley is offering with Rick Green, Biblical Citizenship in Modern America we learned from guest speaker Kirk Cameron about the National Monument to the Forefathers which is said to be the recipe for liberty.

Completed in 1889 in Plymouth, MA, this site is home to an impressive 81 foot, granite monument that memorializes a Victorian era interpretation of the pursuits that motivated the Pilgrims to leave England and start their own colony.

Kirk Cameron's film in 2012  
**Monumental**

"Cameron asserts that a blueprint of America's treasure is manifest in the National Monument to the Forefathers, a large 1889 granite structure in Plymouth, Massachusetts that commemorates the Mayflower Pilgrims. Co-writer Marshall Foster ascribes to this statue the contextual validity of Monumental's message, based on the statue's symbolism and engraved dedication. According to Foster, "The monument depicts Faith, and Faith is pointing to God and has an open Geneva Bible in the right hand and a star of wisdom"."

Don't forget the "optics" in the statue. and film,

# Happy New Year 2023! East Valley's January Luncheon Highlights

In October 2021, Dr. Kevin Roberts was named president of The Heritage Foundation - the seventh president in the organization's 49-year history.

Roberts previously served as the chief executive office of the Texas Public Policy Foundation (TOOF), an Austin-based nonprofit, nonpartisan research institute and the largest state think tank in the nation where our own East Valley Vice President of Legislation, Arlene Wohlgemuth, previously served as Executive Director.

A nonprofit, nonpartisan research and education institute, the Heritage Foundation is the nation's premier conservative think tank. It is the most broadly supported think tank in the world, drawing support from more than 500,000 members, Heritage's policy impact is also unrivaled, with the Universe of Pennsylvania's annual report on think tanks recognizing Heritage three years in the row as the think tank with the most significant impact on public policy.

Reminder that Men are welcome Associate Members

### Thank You...

Member, Cristal Prokay, received a special award for her own exciting membership drive. Not only does she bring in membership all through the year, but in this particular case, she bought all of her friends membership renewals, and also some new members for her Christmas gift to them. Cristal is a very special member who works hard for East Valley. Attends all the Take Action committee meetings, and supports Golden State, our new, think tank, which is a tax deductible endeavor. A big thank you to Cristal for all of your hard work!

The Heritage Foundation is linked to Hillsdale College in which the Sentinel Nation and Heritage Action for America is their activist side. Imprimis is the monthly publican put out by Hillsdale college and the Heritage Foundation is the "think tank" that President Trump worked with to make decisions. The Heritage Foundation being part of Hillsdale college does not accept government money. You can take on line free classes in the U.S. Constitution, and other important areas that effect our lives. Educate yourself. [Check out the blue on-line classes here.](#)
